

School Safety Plan

State of Michigan New Safety Drill Requirements

Drill Requirements:

- A minimum of five (5) fire drills are required for each school year. Three of the five are to be held by December 1 of the school year.
- A minimum of two (2) tornado drills are required for each school year; at least one is to be conducted during March of the school year.
- A minimum of three (3) lockdown drills are required each school year; at least one is to be conducted by December 1 of the school year; at least one is to be conducted after January 1.
- At least one of the ten (10) drills must be held during a lunch or recess period, or at a time when a significant number of students are not gathered in the classroom.

Documentation Requirements:

- Documentation of a completed school safety drill is to be posted on your school website within 30 days after the drill is completed and maintained on the website for at least three years.
- Documentation must include at least:
 - Name of the school
 - Year of the drill
 - Date and Time of the drill
 - Number of completed drills for that year
 - Signature of the school Principal (or Designee) acknowledging the completion of the drill

Additional Requirements:

No later than September 15 of each school year, the chief administrator of a school, or designee, must provide a list of scheduled drill days to the county emergency management coordinator.

A scheduled drill that is not conducted on a scheduled drill day due to conditions not within the control of the school authorities is to be rescheduled to occur within 10 school days.

The county emergency management coordinator is to be notified of the rescheduled date for the drill.
